

Voluntary, creative task

We have failed – Jenny Franck

We have failed,
there is still no justice,
they suffer and we have only veiled,
they die every day, and we keep our ears shut
To close eyes it means for us,
just don't look otherwise you'll see the rot.

That's enough.
we should do something,
stop injustice,
at least, take the advice.

We have failed,
We are the innocent,
we would never have railed against them,
Who did it?
Admit it.
It wasn't us.

That's enough,
we have to open our eyes
overcome the lies,
stop discrimination and ensure a just future for the immigration.
